as a genetically optimised highly intelligent girl it was hard for mila to see the beauty in the monotonous universe around her that didn't seem to hold any surprises but in a world full of imperfections wonders and miracles there is beauty to be found everywhere if you only know how to recognise it the day i stopped counting the stars is both a reminder of how quickly technology can turn into a harmful rather than a helpful tool and of appreciating one's flaws

this book is divided into two parts the first part deals with the current understanding of evolution the second part brings together the scientific picture with various responses to the god question science is a powerful discourse it has unravelled for us the workings of nature and technology has enabled us to apply the findings in many ways to further knowledge to perform complex tasks to further communication and to make life easier and more exciting but there are boundaries and limits to science first the final models of how nature is working are never the final word they are always awaiting falsification never blessed with certain verification second the deeper one goes towards hoped for truth the more one is confronted with counter intuitive models such as quantum theory spooky action at a distance the dark energy of the vacuum the big bang etc third science cannot advance beyond the questions accessible by scientific experiment questions about purpose and god right and wrong good and evil are not accessible to science scientific conclusions however can then be subjected to reasonable analysis philosophical reflection aided perhaps by religious beliefs today a dilemma is often offered for consideration either evolution by natural selection or god and purpose is this delemma a false one can purposeful creation and natural selection both be true such are the features of evolution one can argue strongly the case for a purpose one can at least say belief in god sits well with evolutionary theory to come to this conclusion we need to extend and improve our image of the god of abraham moses and jesus god is intelligent subtle powerful respectful of the freedom with which the divine will has endowed creation itself and homosapiens
